

FIG. TRANSPARENT OR CUT SECTION OF HYDRAULIC COMPONENTS

The setup consists of **Transparent Body or Cut Section of the Hydraulic Components (SAP – 67)** which gives idea regarding the internal constructional features of the Hydraulic components.

Following components are included in the trainer:

No.	Name of Components
1	Directional Control Valve (H/L Operated)
2	Single Acting Cylinder (spring return)
3	Double Acting cylinder
4	Pilot operated pressure relief valve
5	Telescopic cylinder
6	Pressure reducing valve
7	Flow control valve
8	Cut section of Gear pump
9	Sequence valve

Range of Experiments-

- ❖ Study of Hydraulic control valves
- ❖ Study of Hydraulic actuators

Features: -

- ❖ All items are mounted on inclined perforated table with proper acrylic door and locking arrangement.
- ❖ Compact system
- ❖ Modern industrial components.
- ❖ Comprehensive training manual supplied

Note:

All descriptive matter and illustrations are intended to give only a general idea of the equipment Detailed specifications may be altered at the company's discretion without any notice.
